MARK WETMORE
Head Coach/Distance
21st Season

Mark Wetmore enters his 24th season at Colorado, his 21st as the head coach, and is the only NCAA Division I coach to win all four NCAA cross country titles at the same school.

Wetmore's squads have won seven team titles since 2000. The women won in 2000, while the men won the following year. Both teams captured the championship again in 2004 (CU became only the third school to win both championships in the same year), and in 2006 the men won again. The men also earned back-to-back titles in 2013 and 2014. Wetmore has coached Adam Goucher (1998), Jorge Torres (2002) and Dathan Ritzenhein (2003) to men's individual titles, while Kara Grgas-Wheeler won the 2000 women's crown.

Wetmore became CU's sixth head cross country and track and field coach on Nov. 6, 1995. He has tutored 60 individual conference champions and 11 individuals who have combined for 22 NCAA titles. Wetmore has coached 81 individuals to 262 All-American selections. He has produced 31 conference championship teams, most recently capturing the 2015 Pac-12 Men's and Women's Cross Country Championship.

Wetmore's distance runners have represented the United States in international competitions. During their collegiate careers, 12 qualified for the World Junior Cross Country Championships and seven earned berths in the World Senior Cross Country Championships. Since 2000, 10 Buffaloes have combined for 17 spots on the U.S. Olympic Team roster, including then-CU students Emma Coburn and Shalaya Kipp in 2012, both in the steeplechase.

His graduates have experienced post-collegiate success unrivaled by any NCAA distance program. Twenty-four of his athletes have earned professional running contracts and combined for 13 USA Cross Country titles and 42 berths on U.S. teams that compete at the IAAF World Cross Country Championships since 1999. CU graduates have won 43 USATF Championships and 10 individuals have represented the U.S. at the IAAF World Track & Field Championships.

Wetmore is a 28-time conference coach of the year and a five-time NCAA Coach of the Year. In 2014, USA Track and Field named him the USA Co-Coach of the Year.

A native of Bernardsville, N.J., Charles Mark Wetmore graduated with a bachelor's degree in English education from Rutgers in 1978 and then completed a M.Ed. in movement sciences from Columbia in 1988.

There he coached the sprinters, hurdlers, middle distance, jumpers and multi-event athletes. In total, five of his hurdlers were conference finalists. Bockman coached SMU's first indoor and outdoor All-American, Mikel Smith, a high jumper. Smith also set Great Northwest Athletic Conference records in the indoor and outdoor high jump. As a freshman, Jaysen Yoro earned All-GNAC honors in the heptathlon and decathlon, setting GNAC multi record in the indoor 60-meter dash and high jump, as well as in the outdoor high jump.

Prior to his time at SMU, Bockman worked with the women's track and field team at the University of Utah for nine seasons. He was an assistant coach from 2005-08 and was the associate head coach from 2008-14. Bockman again worked with the sprinters, hurdlers, middle distance, jumpers and multi-event athletes and was also the recruiting coordinator. During his time at UU, his athletes broke eight indoor and eight outdoor school records. A total of 31 athletes qualified for the NCAA Championships, including 12 400-meter hurdlers and UU's first NCAA sprint relay (4x400 in 2009). Bockman coached the Utes' only two All-Pac-12 athletes (high jump and 800m) and mentored five Mountain West Conference Champions and 49 All-MWC performers.

The Decorah, Iowa, native was a three-time conference champion and a 13-time all-conference honoree at the University of Northern Iowa. He was an NCAA Division I qualifier in the 400-meter hurdles and 4x400 relay his senior year. Bockman also qualified at the USA Championships from 2003-06.

Burroughs was promoted to associate head coach following the 2011 season where the Buffs swept the inaugural Pac-12 Cross Country Championships to win the newly-formed conference's first two team championships.

In Burroughs' 11 track seasons assisting the men's and women's middle and long distance runners, CU athletes have made an impact at the conference, NCAA, American and world levels. The following season, Zach Hazen set records for the Buffs in the weight and hammer throws. During the indoor season, he recorded a mark of 63-9.50 in the weight throw and during the outdoor campaign, he put his name on top of the hammer throw list with a toss of 210-11.

A few years later, Malone's athletes were back at it. Emily Hunsucker became the women's hammer throw record holder with a mark of 212-11 in 2014 and also advanced to the NCAA Championships where she placed second overall. On the men's side, Alex Kizirian broke the weight throw and hammer records in 2015. * Schedule is tentative and subject to change

The 2015-16 University of Colorado track and field season started with a few small meets in December, but things will really kick into high gear in January.

As in the past, CU will host three home meets. The Potts Indoor Invitational (January 15-16) is the only indoor home meet the Buffs will host at Balch Fieldhouse, but they will host a pair of outdoor meets as well at Potts Field, the Jerry Quiller Classic, March 18-19, and the Colorado Invitational, April 8-9.

DISTANCE

Colorado, under the direction of head coach Mark Wetmore and assistant coach Heather Burroughs, is one of the top distance programs in the country. Both teams had an excellent 2015 cross country season, winning the Pac-12 and NCAA Mountain Region Championships, before recording runner-up finishes at NCAAs.

The men's side is loaded with talent and has six cross country All-Americans ready to compete on the track. Fifth-year seniors Ammar Moussa, Pierce Murphy, Morgan Pearson and Connor Winter, as well as junior Ben Saarel and true freshman John Dressel are ready to get back to business after some time off over the winter break.

Murphy recorded a pair of All-American track honors, indoor and out, in 2015. He placed sixth in the indoor 5,000 and went on to take fifth in the outdoor 10k. Pearson has recorded three All-American honors on the track, one first team, two second. In 2015, he was a first team indoor 3k and a second team indoor 5k performer. Winter also qualified for the 2015 NCAA Championship finals in the 3,000-meter steeplechase.

Saarel is also a track All-American, earning a pair of honors in 2014. He was third in the indoor 3,000 and 16th in the 1,500 (outdoors). Moussa won the Pac-12 10,000-meter title in 2015, his first conference title. He also placed seventh in the 5k the following day to score 12 points for the Buffs at the Pac-12 meet.

Sophomores Erin Clark and Kaitlyn Benner will take on leadership roles this spring after picking up All-American status last November in

cross country. Clark finished 11th at NCAAs, while Benner recorded a 16th place finish. Both have already had success on the track as well, winning individual conference titles in 2015. Benner won the 5k at the MPSF Championship, while Clark was the Pac-12 steeplechase champion.

Graduate student Lucy Cheadle also joins the Buffs. Cheadle was a successful NCAA Division III student-athlete, earning All-American recognition 13 times. She won the 2014 and '15 NCAA steeplechase title and was the 2015 indoor 5k champion. Several other Buffs have contributed to the teams' success in the past and will likely do the same this year, including previous Pac-12 scorers Maddie Alm, Val Constien, Melanie Nun and Carrie Verdon.

CU added some of its best middle distance talent ever in freshmen Dani Jones and Tabor Scholl.

JUMPS/COMBINED EVENTS

Assistant coach Lindsey Malone is in her ninth year at the helm of the combined events and jumps program and has another great group of athletes this year. The men's side is young. Sophomore Andrew Ghizzone is the top returning combined events athlete, but he is poised to have an outstanding season. Ghizzone ranks sixth on CU's all-time performers list in the heptathlon and is 12th in the decathlon.

In the open jumps, the Buffs have added a trio of high/long jumpers who will look to crack into CU's record books quickly with freshmen Duane McClurkin Jr., DeJour Plunkett-Elliott and Dionne Taylor.

Abrianna Torres is the only senior on the women's side and she will provide a great deal of leadership as she heads into her final season with the Buffs. Torres is one of CU's best combined event athletes, ranking third in the pentathlon and the heptathlon. She is also one of the best in the open long jump, ranking third on CU's all-time list. Other veterans returning to the line-up are junior Mariah Slack and sophomore Michaela Wenning.

Kelsey English

Eileen Gehring

Andrew Ghizzone

Sophie Hallam-Eames

Senior Kelsey English returns for her final season after redshirting the 2015 season. She is one of the best high jumpers CU has had, ranking fourth on the outdoor list and sixth indoors. English has scored for the Buffs at the MPSF and Pac-12 meets, and came close to advancing to the NCAA Championship after placing 13th at the 2013 NCAA West Preliminary Championship. Sophomore Rajon O'Quinn is also looking to make a big impact this season.

SPRINTS/HURDLES

Assistant coach Burke Bockman is in his first season at the helm of the Buffalo sprinters and hurdlers and there is a lot of talent on both the men's and women's teams. Junior Jaron Thomas has been a solid contributor to the team since his freshman campaign, scoring for the Buffs indoors and outdoors. He is one of the top hurdlers CU has seen and he will continue to perform at an elite level for the Buffs. Junior Austin Mitsch has been coming on strong and is sure to make an impact on the team score this season.

The CU women have a strong group and will be led by senior Eileen Gehring and sophomore Ana Holland, who combine for a pair of CU outdoor records. Holland is the 200-meter record holder (23.54), while Gehring is the 400 record holder (53.23) and is the former 200 record holder (23.80). The duo looks to be a strong 1-2 punch.

THROWS

Casey Malone, a two-time Olympian and two-time U.S. Discus Champion, is at the helm of the Buffs throwers for the 16th season. Over the course of the last few years, his team has made huge strides, qualifying for NCAAAs and setting CU records.

Senior Brady Rutt is looking to have a breakout season in his final campaign. He has scored for the Buffs at a conference level, placing fifth in 2012 in the discus (168-4) and has come close several other times. His teammates, sophomore Matthew Denton, junior Paden Gatlin, freshman Austin Swanson and sophomore Grayson Webber will also look to contribute to the team.

The women are led by senior Sophie Hallam-Eames and sophomore Mariah Walker. Both are on the verge of scoring for the Buffs on the conference level. They will be joined by redshirt freshman Elisa Grandemange, freshman Delaney Hall and junior Makenzie Kline.

THE MEET SCHEDULE

A small group of athletes began competing in December before winter break, but the season will start for the entire team at the beginning of January. The Air Force Open is the first meet on the schedule (Jan. 8) before CU hosts the Potts Indoor Invitational Jan. 15-16. The Buffs will stay on the Front Range for most of the indoor season, but there will be a chance to head to Seattle for the Husky Classic (Feb. 12-13). A group of athletes will also compete at the Don Kirby Collegiate Open (Feb. 12-13) in Albuquerque, N.M.

The University of Washington will host the 2016 Mountain Pacific Sports Federation Championships in Seattle, February 26-27, and the NCAA Indoor Championships will follow March 11-12 in Birmingham, Ala. for those who qualify.

As soon as the indoor season is over, the Buffs will switch gears to the outdoor campaign, hosting the first of its two home meets at Potts Field. CU will host the Jerry Quiller Classic March 18-19, and the second home meet is the Colorado Invitational, slated for April 8-9.

As usual, CU will compete at several meets along the Front Range in Fort Collins, Colo. and at the Air Force Academy. The Buffs won't just compete regionally as many athletes will have the opportunity to compete across the country at Texas Relays, a pair of meets at Stanford and Mt. SAC Relays.

Washington will host the 2016 Pac-12 Outdoor Track & Field Championships. The combined events portion of the meet will be contested May 7-8, while all other event areas will compete May 14-15. Kansas will host the NCAA West Preliminary Championships, May 26-28. The 2016 NCAA Outdoor Championships are June 8-11 in Eugene, Ore. at Hayward Field, which is also the site of the U.S. Olympic Team Trials, July 1-10.

Olympians

Since 1948, the University of Colorado track and field program has produced 30 Olympians (through the 2012 Summer Games). Since 2000, the Buffs have earned 17 berths, nine women's and eight men's, for the United States in the middle and long distance events, more than any other collegiate program. The next closest program to CU's is Stanford and North Carolina with eight.

THE UNIVERSITY OF COLORADO

Founded in 1876 at the foot of the Flatirons, 139 years has transformed the University of Colorado from a lone building on a bleak, windswept hill to one of the nation's leading public research institutions. Established in 1861, the University was formally founded in 1876, the year Colorado became a state.

The Boulder campus encompasses almost 800 acres on the main campus, east campus (which includes a research park), Williams Village and the Mountain Research Station north of nearby Nederland (which supports ecology, chemistry and geology). In 1996 the Board of Regents purchased 308 acres of land in unincorporated Boulder County, now informally known as the south campus, in an effort to insure the growth of the University well into this century.

While almost 30,000 students are educated on the main campus, another 13,000 study at the University of Colorado at Denver, the University of Colorado Anschutz Campus (Aurora) and the University of Colorado at Colorado Springs. Nine elected Regents and President Bruce Benson lead the four-campus system, while each campus has a Chancellor who serves as the chief academic and administrative officer. Dr. Phil DiStefano is in his seventh year as the chancellor of the Boulder campus.

Students can enter any of 10 schools and colleges offering more than 2,500 courses in 150 fields, representing a full range of disciplines in the humanities, social sciences, physical and biological sciences, the fine and performing arts, and the professions. CU-Boulder is regularly ranked among the best of the United States' public universities by the *Fiske Guide to Colleges*, and a 2010 *USA Today/Princeton Review* survey rated the University of Colorado as the fifth-best value among American public colleges. CU was recently ranked as the No. 33 university in the world by the *Times Higher Education*.

CU-Boulder has played a major role in NASA space programs, designing and building many scientific instruments flown in outer space, and graduated 18 men and women who became astronauts, including the late Jack Swigert, one of the three astronauts in the crippled Apollo 13 mission who made it dock to Earth safely from the moon. When the Hubble Space Telescope was launched in 1990, it was carrying seven major instruments, including a high-resolution spectrograph to study the evolution of stars and designed and built by an international science team led by astronomer Jack Brandt of CU-Boulder. Since Hubble has been up, CU-Boulder faculty and students have been among the top users of Hubble of any institution in the world. CU-Boulder is the only university in the country where undergraduate students have operated a NASA satellite.

The University has produced 19 Rhodes Scholars, five of which were former football student-athletes at CU, with Jim Hansen the most recent recipient in 1992. Faculty member Thomas Cech, a distinguished professor of chemistry and biochemistry, won the 1989 Nobel Prize in chemistry. Other notable alumni include former United States Supreme Court Justice Byron "Whizzer" White, former big band leader Glenn Miller and actors Robert Redford and Christopher Meloni, the latter starring for years on *Law & Order: Special Victims Unit*, and the creators of *South Park*, Trey Parker and Matt Stone.

If the aphorism, "Somewhere between the Rockies and reality," seems too good to believe, then come for a visit. Start with a walk on the historic Pearl Street Mall, a downtown pedestrian mall that is the ceremonial heart of the city actually that works despite the efforts of its street theatre.

Visitors may be so taken in by the scenery, the mall, Tudors and Victorians they may forget the University that put it all together. From Pearl, Broadway leads directly onto campus where the University of Colorado Museum and the CU Heritage Center, in the original Old Main building, which introduces the University's past and present. The recently completed ATLAS building is one of the most state-of-the-art structures on any college campus.

Take in the fresh mountain air on any part of 100 miles of trails and 30,000 acres of open space. Climb the Flatirons or in Eldorado Canyon State Park. Swim or board sail at the Boulder Reservoir while elite runners sprint around it. Take in a pro sporting event down the road in Denver, just one of 13 cities with teams in all four pro leagues.

Rest assured, like the prophesy of an Arapaho Indian Chief, "If you leave Boulder, you will return."

"If heaven has a college town, it's probably as beautiful as Boulder."

Peter Fish, *Sunset Magazine*, October 1992

THE UNIVERSITY OF COLORADO

“The University of Colorado, and Boulder, is a town which stops where the Rocky Mountains begin. Normally in America such a superb site would be occupied by a golf course, but somebody goofed and instead they built what may be the most beautifully situated campus in the world... if anyone asks you to Boulder, I have one word of advice: ‘Go.’”

From the London (England) Observer Magazine article, “Us and Them,” by Simon Hoggart (April 23, 1989)

BOULDER/DENVER/COLORADO FACTS

Boulder and Denver are known for lots of things. But some things even surprise the lifelong resident, a recent transplant (nearly two-thirds of the state's residents were born outside of Colorado), or first-time visitor to the Mile High City.

- In 2011 Colorado had four of the nation's top 15 fittest cities according to a Time Magazine interpretation of data from the Centers for Disease Control. Boulder was No. 1, Arvada was No. 6, Denver ranked No. 11 and Aurora was No. 15.
- The Denver metro area was ranked fifth in the 2011 American Fitness Index report.
- Boulder was named the "happiest city in America" by Gallup-Heathways Well-Being Index in 2011.
- Denver is called the "Mile High City" because it is exactly 5,280 feet above sea level. In fact, there is a spot on the west steps of the State Capitol building that is exactly 5,280 feet above sea level and there is a row of seats at Coors Field with the same bragging rights.
- Denver is the most educated city in the U.S. It has the greatest percentage of high school and college graduates of any major metropolitan area in the U.S.
- The Denver/Boulder metropolitan area is the 20th largest in the United States. Boulder is not classified as a suburb of Denver; it's nestled in its own valley at the foothills of the Rocky Mountains. Contrary to popular belief, Denver is not in the mountains; it is near them. The "Foothills" start to rise 15 miles west of the city. Slightly beyond that is the Continental Divide and a series of peaks rising to 14,000 feet, known locally as the "Front Range".
- Denver is also the "thinnest" city in America while Boulder is the second "fittest" city in America according to *Shape* Magazine and

the state of Colorado is tied as the "thinnest" state with Hawai'i. *Health* Magazine named Boulder one of America's 10 Fittest Cities. *Self* Magazine proclaimed Boulder one of the 10 healthiest places for women to live, with a perfect 100 in water quality.

- In 2007 and '08 Boulder was called the "smartest city in America" by Forbes
- Boulder has 200 miles of public hiking and biking trails, approximately 30,000 acres of open space and a 16-mile Boulder Creek Path which runs through the middle of town. The city of Denver offers over 450 miles of paved, designated bike paths, over 70 public golf courses and 143 free tennis courts. Denver also has the largest city park system in the nation with 205 within the city limits.
- As the largest city in a 600-mile radius, Denver is the shopping capital of the Rocky Mountain West. It features the largest sporting goods store in the world and the largest independent book store in America with over 400,000 volumes. The 16th Street Mall is a mile-long pedestrian promenade, not to be outdone by its counterpart in Boulder, the Pearl Street Mall. Boulder is also known for having more used book stores per capita than any other city in the country according to a *Money* magazine count in 1998.
- Among 14 comparable cities, Boulder ranks No. 1 in people who walk to work, work at home and drive with more than one person in the car. It ranks second among those who bike.
- Bicycling is so highly regarded in Boulder that sometimes the city plows the Boulder Creek bike path before it plows the streets.
- The exterior of the house located at 1619 Pine Street was used as the characters' home in the well-known "Mork & Mindy" television show. It is now a private residence.

- Boulder's Third Flatiron towers 1,400 feet high, a few hundred feet higher than the Empire State Building, and has been climbed by people without using their hands, on roller skates, naked and in eight minutes (by separate climbers).
- A 1992 survey by the Centers for Disease Control found that Colorado had fewer overweight people per capita and more people who exercise than any other state.
- A Colorado Daily poll found that seven out of ten Boulderites own bicycles. Another guide book states that Boulder's bicycle count is approximately 93,000- almost equal to the total population.
- Every year Boulder Mountain Parks core area receives 1.8 million visits. If that many people made a human chain, it would stretch from Boulder to New York City.

RUNNING TOWN, USA

For 30 years, world class athletes and running enthusiasts have known what the media recently discovered: Boulder is the best running town in the United States. Runner's World has dubbed Boulder, "America's Best Running City" and an "Ideal Location for Runners", while Outside Magazine proclaims it, "The Best Sports Town in America".

These accolades come as no surprise to the host of national and international athletes who have made Boulder their training base. During the 1970's and 1980's, Boulder was home to world record holders such as Steve Jones, Ingrid Kristiansen, Rob de Castella, and Arturo Barrios, as well as Olympic Champions Frank Shorter and Rosa Mota.

The list of contemporary runners who live and train in Boulder is equally impressive: 2000 Olympic Marathon Champion Naoko Takahashi, 2008 Olympic Marathon Champion Constantina Dita-Tomescu, multiple Japanese corporate teams and U.S.-based Kenyan road racers. Numerous CU national and world level alumni have trained in the Boulder area during the last four Olympiads. They include Olympians Jenny (Barringer) Simpson, Alan Culpepper, Shayne Culpepper, Billy Nelson, Jorge Torres, Kara Goucher, Emma Coburn, Shalaya Kipp and Dathan Ritzenhein.

These athletes are drawn to Boulder by the unparalleled variety of training venues, temperate year-round climate, opportunity to train at elevation, and support of a running-friendly community that enters 54,000-plus in its Memorial Day road race. Boulder has over 200 miles of running and biking trails and more than 30,000 acres of open space. The vast availability of trails is matched only by the variability of their terrain. All are within a 20 minute drive of CU's campus. In the mountains and foothills west of town are venues such as the Mesa Trail, Switzerland Trail, Magnolia Road, Gold Hill, and Flagstaff Mountain. Adjacent to campus is the 12-mile Boulder Creek Path which connects to Sanitas Mountain, the Bobolink trail, and the Wonderland Lake trailheads. East of town are Teller Farm and the Boulder Reservoir ("The Res") which connect to dozens of miles of dirt roads and trails.

The University of Colorado's outdoor track, Potts Field, is one of the best competition venues in the country. It features NCAA/IAAF specification parallel approaches for the long jump, triple jump, pole vault and high jump as well as a world-class remote hammer and discus venue. Potts Field has the highest Mondo Super-X installation in the country, thus making it potentially the fastest sprint track in the U.S.

Boulder's climate makes it an ideal year-round training base. The average high temperature during winter months is 49 degrees, while summer months average a high of 83 degrees with negligible humidity. Boulder residents enjoy over 300 sunny days a year—more than residents of San Diego or Miami.

Besides the aforementioned Boulder Boulder, there are well-organized races virtually every weekend: the Boulder Backroads Marathon and Half Marathon, 5K Kickoff Classic, West End 3K, Pearl Street Mile, Rocky Mountain Shootout, Uni-Hill Downtown 1K, Sunrise Stampede 10K, and Boulder Roadrunners All-Comers Track Series.

In February of 2007, Boulder hosted the USA Cross Country Championships which selected our national teams for the IAAF World Championships in Mombasa, Kenya. The crowd of 10,000 spectators was estimated to exceed the combined attendance of the previous five national championships. Former USA Track and Field President Bill Roe remarked, "As usual, every time I come to Boulder I'm blown away." Deena Kastor, 19-time U.S. champion, captured her eighth cross country title and said, "This was, hands down, the most amazing national championship I've been a part of." Beyond the attendance, the most compelling story of the day was arguably the success of CU's alumni: former Buffaloes swept the top four places in the men's senior race while two former NCAA champion Buffaloes qualified for the senior women's team. The USATF returned to Boulder in 2014 and '15 for the the USA Cross Country Championships, which again were two of the best attended meets.

In May of 2008, the University of Colorado hosted the Big 12 Conference Track and Field Championships. This three-day competition was one of the most prestigious and competitive meets in the country and featured NCAA champions, World Championship Team members and 2008 Olympians. During the competition, ten Big 12 meet records were broken and two world-leading marks were established. The three-day attendance of over 5,000 cheered the Colorado men to the team title in a victory over No. 1 ranked Texas A&M. The Buffs hosted the 2013 Pac-12 Cross Country Championship in 2013 in Louisville, Colo. at Coal Creek Golf Course. The CU men won the meet for the third straight year in front of a crowd of just over 5,000, while the CU women took second by just six points.

Summer or winter, cross country or track season, workout day or racing day, for the weekend warrior or the Olympian, Boulder presents the ideal environment. While other cities may claim occasional weekends of running enthusiasm, Boulder is inarguably the year-round "Running Town, USA".

The CU men's track and field team won its first Big 12 Conference Outdoor Track & Field title at Potts Field on May 18, 2008. Colorado scored a school record 138 points in a Big 12 meet and defeated top-ranked Texas A&M by 17 points (121). The Buffs had four individual champions in seniors Billy Nelson (3,000-meter steeplechase), Brent Vaughn (5k), James Begley (discus) and junior Kenyon Neuman (10k). CU also recorded 32 points in the 5,000-meter run and 33 points in the 10k.

The top-ranked CU men's cross country team captured their third straight Pac-12 Championship in front of a home crowd of over 5,000 at the Coal Creek Golf Course in Louisville, Colo. The Buffs soundly defeated runner-up No. 4 Oregon 28-54. No. 13 Stanford was third with 79 points. CU impressed by placing all five of its scorers in the top nine, going 3-4-5-7-9. Less than a month later, the Buffs went on to win their fourth NCAA Championship.

FROM WALK-ON TO ALL-AMERICAN

There's something magical in the air at 5,345 feet above sea level. It's something that contributes to developing blue collar, walk-on athletes into All-Americans at Colorado. Combining its reputation of academics and athletics, the coaching staff at CU has had incredible success with non-recruited athletes that have had the drive, determination and work ethic to become All-Americans.

CHRIS ABUAN • 2002 Walk-on – 2007 4x100-m Outdoor All-American

Chris Abuan was a hard worker for the Buffs and showed improvement throughout the years. His biggest impact was in the relays. Abuan is a member of nine of the top 10 times in the 4x100-m relay, where he ran the third leg seven times. In 2007, Abuan and the relay team of George Pincock, Jeremy Dodson and Ryan Campbell placed second in the Big 12 Championships and were the first men's relay team to qualify for the NCAA meet since 1972 after placing fourth in the regionals. The team took sixth at nationals with a time of 39.98.

TAMARA ARDS • 1992 Walk-on – 1996 4x400-m Outdoor All-American

A three-time state 400-m champion, Tamara Ards ran a 56.20 in the event as a freshman and would shave two seconds off her time by her junior year to become the school record holder in the event, running a 54.22 at the 1994 Big Eight Outdoor Championships. As the second leg of CU's 4x400-m relay team, she combined with teammates Tasha Ward, Heather Sterlin and Leona Russell to win the event at the final Big Eight Championship in 1996 and go on to finish seventh in the event at that year's NCAA Championships in Eugene, Ore., in another school record 3:33.07.

JAY CLECKLER • 1991 Walk-on – 1994 Cross Country All-American

Jay Cleckler, was conceivably one of the hardest working guys on the '94 cross country squad. He had begun his collegiate career as walk-on competing in only one meet, which progressed to four meets as a sophomore, which he matched his junior season. He came into his own during his senior campaign when he scored in all six varsity races, including the Big Eight Championships, the NCAA District VII qualifier and the NCAA Championships where he ran his first All-American race.

JON COOPER • 1993 Walk-on – 1994, 1995 Cross Country All-American

Cooper made an immediate impact on the Colorado men's cross country team when he walked on after transferring from Rice. In his first season he traveled to the NCAA Championships as an alternate, but did not compete. A year later he finished 33rd of 178 runners for his first all-

American honor. In 1995's national championship race, he was Colorado's fourth finisher, 48th overall to repeat his All-American title.

MIKE FRIEDBERG • 1996 Walk-on – 1998, 1999 Cross Country All-American

In 1996 Mike Friedberg ran in three cross country races. He redshirt the 1997 season and a year later he was one of only three runners to compete in all six races, he finished eighth in the season opener at Colorado State, third at the Rocky Mountain Shootout, 32nd at the loaded Bob Timmons Invite, third at the Big 12 Championships, fifth at the Mountain Region Championships and ran to his first All-American title with a 34th place effort at the national championships. In 1999 he was CU's No. 3 runner during the season, but experienced prevailed and was CU's No. 1 guy at the NCAA Championships in Bloomington and was No. 2 a year later.

PIERCE MURPHY • 2011 Walk-on – 2013, 14, 15 Cross Country All-American/ 2015 Indoor 5,000m All-American/ 2015 10k All-American

In his first collegiate season, 2011, Murphy redshirted but raced unattached at the Rocky Mountain Shootout. In 2012, he placed fourth overall at the Rocky Mountain Shootout as CU's No. 4 runner. Murphy also placed 14th at Pac-12s, was 19th at regionals and placed 45th at NCAAs. He earned his first All-American honor in 2013, placing 39th at NCAAs to help CU win the team title. Murphy also placed seventh at Pac-12s and led the Buffs with a fifth place finish at regionals. As a junior, he had another great season. Murphy was seventh at Pac-12s, 12th at regionals and took 35th at NCAAs while the Buffs won the team title again. Later that year on the track, he placed sixth in the 5k at indoor nationals and was fifth at outdoor nationals in the 10k. Murphy finished his cross country career strong that following fall, placing third overall at NCAAs. He led the Buffs at all five varsity meets, which included winning the Rocky Mountain Shootout.

MATT NAPIER • 1995 Walk-on – 1997 Cross Country All-American

In his first collegiate season Napier competed in the Shootout and at the Fort Hays State Invitational. As a sophomore, he scored in two of the three postseason races. Originally scheduled to redshirt his junior season, he was forced into action late in the season due to team injuries. In his first race, Oct. 18, he finished third overall at the Tiger Invitational. In the postseason he finished 11th in the league championships and was the individual runner-up, at the Mountain Region Championships. His third season culminated in his first all-America certificate at the NCAA Championships with a 39th-place finish.

GEORGE PINCOCK • 2003 Walk-on – 2007 4x100-m Outdoor All-American

George Pincock earned a spot on the varsity squad as a freshman by placing eighth in the 200-meter dash and scoring in the 4x100 and 4x400-m teams. Pincock is a member of 11 of the 12 best times in the 4x100-m relay. In 2007, Pincock and the relay team of Jeremy Dodson, Chris Abuan and Ryan Campbell placed second in the Big 12 Championships and became the first men's relay team to qualify for the NCAA meet since 1972 after placing fourth in the regionals. The team took sixth at nationals with a time of 39.98.

PATTY ROBERTS • 1992 Walk-on – 1995 Indoor 5,000-m All-American/1994, 1995 Cross Country All-American

Roberts didn't compete in cross until her second season. A year later she was the individual runner-up at the Big Eight Championships and an All-American with a 13th-place finish at the NCAA championships. She took the individual conference title in '96 and followed up with a 32nd-place effort at the NCAAs for her second all-America cross country honor. 1995 continued to be a success on the track where she was an indoor 5k and outdoor 10k All-American.

SHAYNE WILLE • 1995 Walk-on – 1996 Indoor 3,000-m All-American/1997 Outdoor 3,000-m All-American

A transfer from Vermont in 1995, Wille failed to make the Buffs' seven-person roster that would compete at the NCAA Cross Country Championships. Three months later she was an all-American in the indoor 3k. During the 1996 fall season, she was Colorado's No. 2 runner, and although she competed in all three postseason race, just missed all-American status at the national championships with a 45th place effort. She set her sights again on the track where she was the Big 12 indoor champion in both the mile and 3,000-m distances and an all-American in the latter. The outdoor season would prove even better where she repeated her conference titles, and she earned her second all-American honor in the outdoor 3,000-m with a third place, school-record finish of 9:06.86.

SEAN SMITH • 1998 Walk-on – 2000 All-American

Smith ran in three non-varsity races in 1998 with a pair of top 20 finishes at the Fort Hays Tiger Invitational and NIKE 3 Series race. In 1999 he went into the national championships with five races under his belt. He earned all-conference and all-region honors before finishing in the top half of the NCAA Championship field. On All-American pace from the first race of the 2000 season, he would score in all five varsity contests, repeat his all-conference and all-region honors with career-best efforts before finishing 44th for the last All-American certificate doled out in Ames, Iowa.

PAC-12 CONFERENCE

CONFERENCE OF CHAMPIONS

Built on a firm foundation of academic excellence and superior athletic performance, the Conference ushered in a new era on July 1, 2011, officially becoming the Pac-12 Conference with the additions of the University of Colorado and University of Utah.

Just 27 days after the Conference officially changed its name, Commissioner Larry Scott announced the creation of the Pac-12 Networks on July 27, 2011, solidifying a landmark television deal and putting the Conference on the forefront of collegiate athletics. The Networks, including one national network, six regional networks, and a robust digital network marked the first-ever integrated media company owned by a college conference. In addition, the "TV Everywhere" rights allow fans to access Pac-12 Networks outside the home on any digital device, including smartphones and tablet computers.

That same year, the Pac-12 also launched its Globalization Initiative to proactively promote the Conference and member institutions through student-athlete exchanges and sport. In the first four years, Pac-12 student-athletes have enjoyed unique cultural and athletic experiences in China, fielding full university and Pac-12 all-star teams in women's volleyball and men's basketball, with the first-ever men's basketball regular season game schedule to be played in China between WASHINGTON and Texas to tip off the 2015-16 campaign. The Conference and its member schools have gained significant brand exposure for the future and set a foundation for growth.

On the field, the Pac-12 rises above the rest, upholding its tradition as the "Conference of Champions®," claiming an incredible 140 NCAA team titles since 1999-2000, including nine in 2014-15, an average of nearly nine championships per academic year. Even more impressive has been the breadth of the Pac-12's success, with championships coming in 28 different men's and women's sports. The Pac-12 has led or tied the nation in NCAA Championships in 49 of the last 55 years, the only exceptions being in 1980-81, 1988-89, 1990-91 and 1995-96 when the Conference finished second, and only twice finished third in 1998-99 and 2004-05.

For the 10th-consecutive year, the Pac-12 had the most or tied for the most NCAA titles of any conference in the country, winning at least six every year since 2000-01. No other conference has won double-digit NCAA crowns in a single year, the Pac-12 doing so seven times, including a record 14 in 1996-97.

Spanning nearly a century of outstanding athletics achievements, the Pac-12 was the first conference to reach 400 championships in 2010-11. With the inclusion of Colorado and Utah, the Conference surpassed another major milestone, with league teams capturing 450 titles, outdistancing the next conference by nearly 200. In all, Conference teams have won 478 NCAA Championships (291 men's, 158 women's, 29 combined).

Pac-12 members have won 291 NCAA team championships on the men's side, 77 more than the next closest conference. Men's NCAA crowns have come at a phenomenal rate for the Pac-12 - 16 basketball titles by six schools (more than any other conference), 54 tennis titles, 47 outdoor track & field crowns, and 28 baseball titles. Pac-12 members have won 25 of 46 NCAA titles in volleyball, 41 of 46 in water polo, 29 in skiing, and 24 in swimming & diving national championships.

Individually, the Conference has produced an impressive number of NCAA individual champions. Over 2,000 (2,208) individual crowns have been won by Pac-12 student-athletes over the years with 1,333 by male student-athletes. Student-athletes have also captured 174 individual titles at combined championships (i.e., skiing and fencing).

On the women's side, the story is much the same. Since the NCAA began conducting women's championships 34 years ago, Pac-12 members have claimed at least four national titles in a single season on 25 occasions, including 15-consecutive years from 2000-2015. Overall, the Pac-12 has captured 158 NCAA women's titles, easily outdistancing the SEC, which is second with 97. Pac-12 members have dominated a number of sports, winning 23 softball titles, 21 tennis crowns, 14 volleyball titles, 16 of the last 26 trophies in golf, and 14 in swimming & diving.

Pac-12 women student-athletes shine nationally on an individual basis, as well, having captured an unmatched 701 NCAA individual crowns, an average of nearly 21 championships per season.

PAC-12 CONFERENCE HISTORY

The roots of the Pac-12 Conference date back nearly 100 years to December 2, 1915, when the Pacific Coast Conference (PCC) was founded at a meeting at the Imperial Hotel in Portland, Ore. The original membership consisted of four schools - the University of California at Berkeley, the University of Washington, the University of Oregon, and Oregon Agricultural College (now Oregon State University). All still are charter members of the Conference.

Pacific Coast Conference play began in 1916 and, one year later, Washington State College (now Washington State University) was accepted into the league, with Stanford University following in 1918.

In 1922, the PCC expanded to eight teams with the admission of the University of Southern California (USC) and the University of Idaho. In 1924, the University of Montana joined the league roster and in 1928, the PCC grew to 10 members with the addition of UCLA.

The Pacific Coast Conference competed as a 10-member league until 1950, with the exception of 1943-45 when World War II curtailed intercollegiate athletic competition to a minimum. During that time, the league's first commissioner was named. Edwin N. Atherton was Commissioner in 1940 and was succeeded by Victor O. Schmidt in 1944. In 1950, Montana resigned from the Conference and the PCC continued as a nine-team Conference through 1958.

In 1959, the PCC was dissolved and the Athletic Association of Western Universities (AAWU) was formed with Thomas J. Hamilton was appointed Commissioner of the new league. The original AAWU membership included California, Stanford, USC, UCLA and Washington. Washington State joined the membership in 1962, while Oregon and Oregon State joined in 1964. Under Hamilton's watch, the name Pacific-8 Conference was adopted in 1968. In 1971, Wiles Hallock took over as Commissioner of the Pac-8.

Ten years later, on July 1, 1978, the University of Arizona and Arizona State University were admitted to the league and the Pacific-10 Conference became a reality. In 1986-87, the league took on a new look, expanding to include 10 women's sports. Since then, the Conference has been considered the premiere league in women's athletics, securing the most NCAA titles in women's sports of any conference nearly every year.

Thomas C. Hansen was named the Commissioner of the Pac-10 in 1983, a role he would hold for 26 years until 2009, and was succeeded by current Commissioner Larry Scott, who took on the new role in July 2009.

During the 2010-11 academic year, the University of Colorado accepted its invitation to join the Pac-12 on June 11, 2010, and on June 17, 2010, the University of Utah agreed to join the Conference. The Buffaloes and Utes officially became the 11th and 12th members of the Conference on July 1, 2011, the first additions to the league since 1978.

It was during that 2010-11 academic year that Scott helped deliver monumental changes that transformed the Conference into a modern 12-team

league. In addition to expanding to 12 teams, member institutions agreed to equal revenue sharing for the first time in the Conference's history, created two divisions - the North and the South, for football only and established a Football Championship Game for the first time ever. He also secured a landmark media rights deal that dramatically increased national exposure and revenue for each school, establishing the Pac-12 Networks and Pac-12 Digital Network that guaranteed enhanced exposure across all sports.

Currently, the Pac-12 sponsors 11 men's sports and 12 women's sports, with beach volleyball added in 2015-16. Additionally, the Conference is a member of the Mountain Pacific Sports Federation (MPSF) in four other men's sports and three women's sports.

The Pac-12 Conference offices are located in the heart of San Francisco in the SOMA district.

2014-15 QUICK REVIEW

In the 2013-14 academic year, the Pac-12's nine NCAA titles came in the form of four men's and four women's and one coed team title. Five different league schools claimed NCAA titles and, of the seven NCAA institutions to have won multiples titles, three were from the Pac-12. No other conference in the country had more than one team win multiple NCAA titles.

Oregon was one of only two programs in the country to win three NCAA titles in 2014-15. The Ducks successfully defended its indoor and outdoor NCAA Track & Field titles, and also won the women's outdoor crown for the first time in 30 years. **Colorado** and Stanford claimed a pair of titles, as well. The Buffaloes claimed the academic year's first NCAA title, taking home its second straight men's cross country crown in dominating fashion, posting a 33-point margin of victory. Colorado then grabbed the hardware in skiing, its third in five years and 20th in the history of the program.

Participation in the postseason was a common occurrence for the Pac-12 in 2014-15. Of the 22 sports sponsored, 20 witnessed at least half its teams participating in NCAA or other postseason action. The men sent 67 of a possible 97 teams into the postseason (69.1 percent), while the women sent 79 of a possible 115 teams (68.7 percent).
